Rev. and Dr. Albert Paris Missey born in Belleview, Iron Township, Iron County, Missouri, United States on 11 November 1867 son of François Columbian Columbus "Lum" (1845-1916) & Cynthia N. (TALBOTT) (1848-1896) Missé Missey married Mary Jane (STROUP) (1891-1972) in 1907 daughter of William "Will" Alfred (1860-1917) and Sarah Elizabeth (ADAMS) (1867-1898) Stroup.

Rev. Albert Paris Missey after being ordained in the Methodist Episcopal Church South in 1908 began keeping a journal covering various people, places and dates of solemnized marriages he performed in various communities.

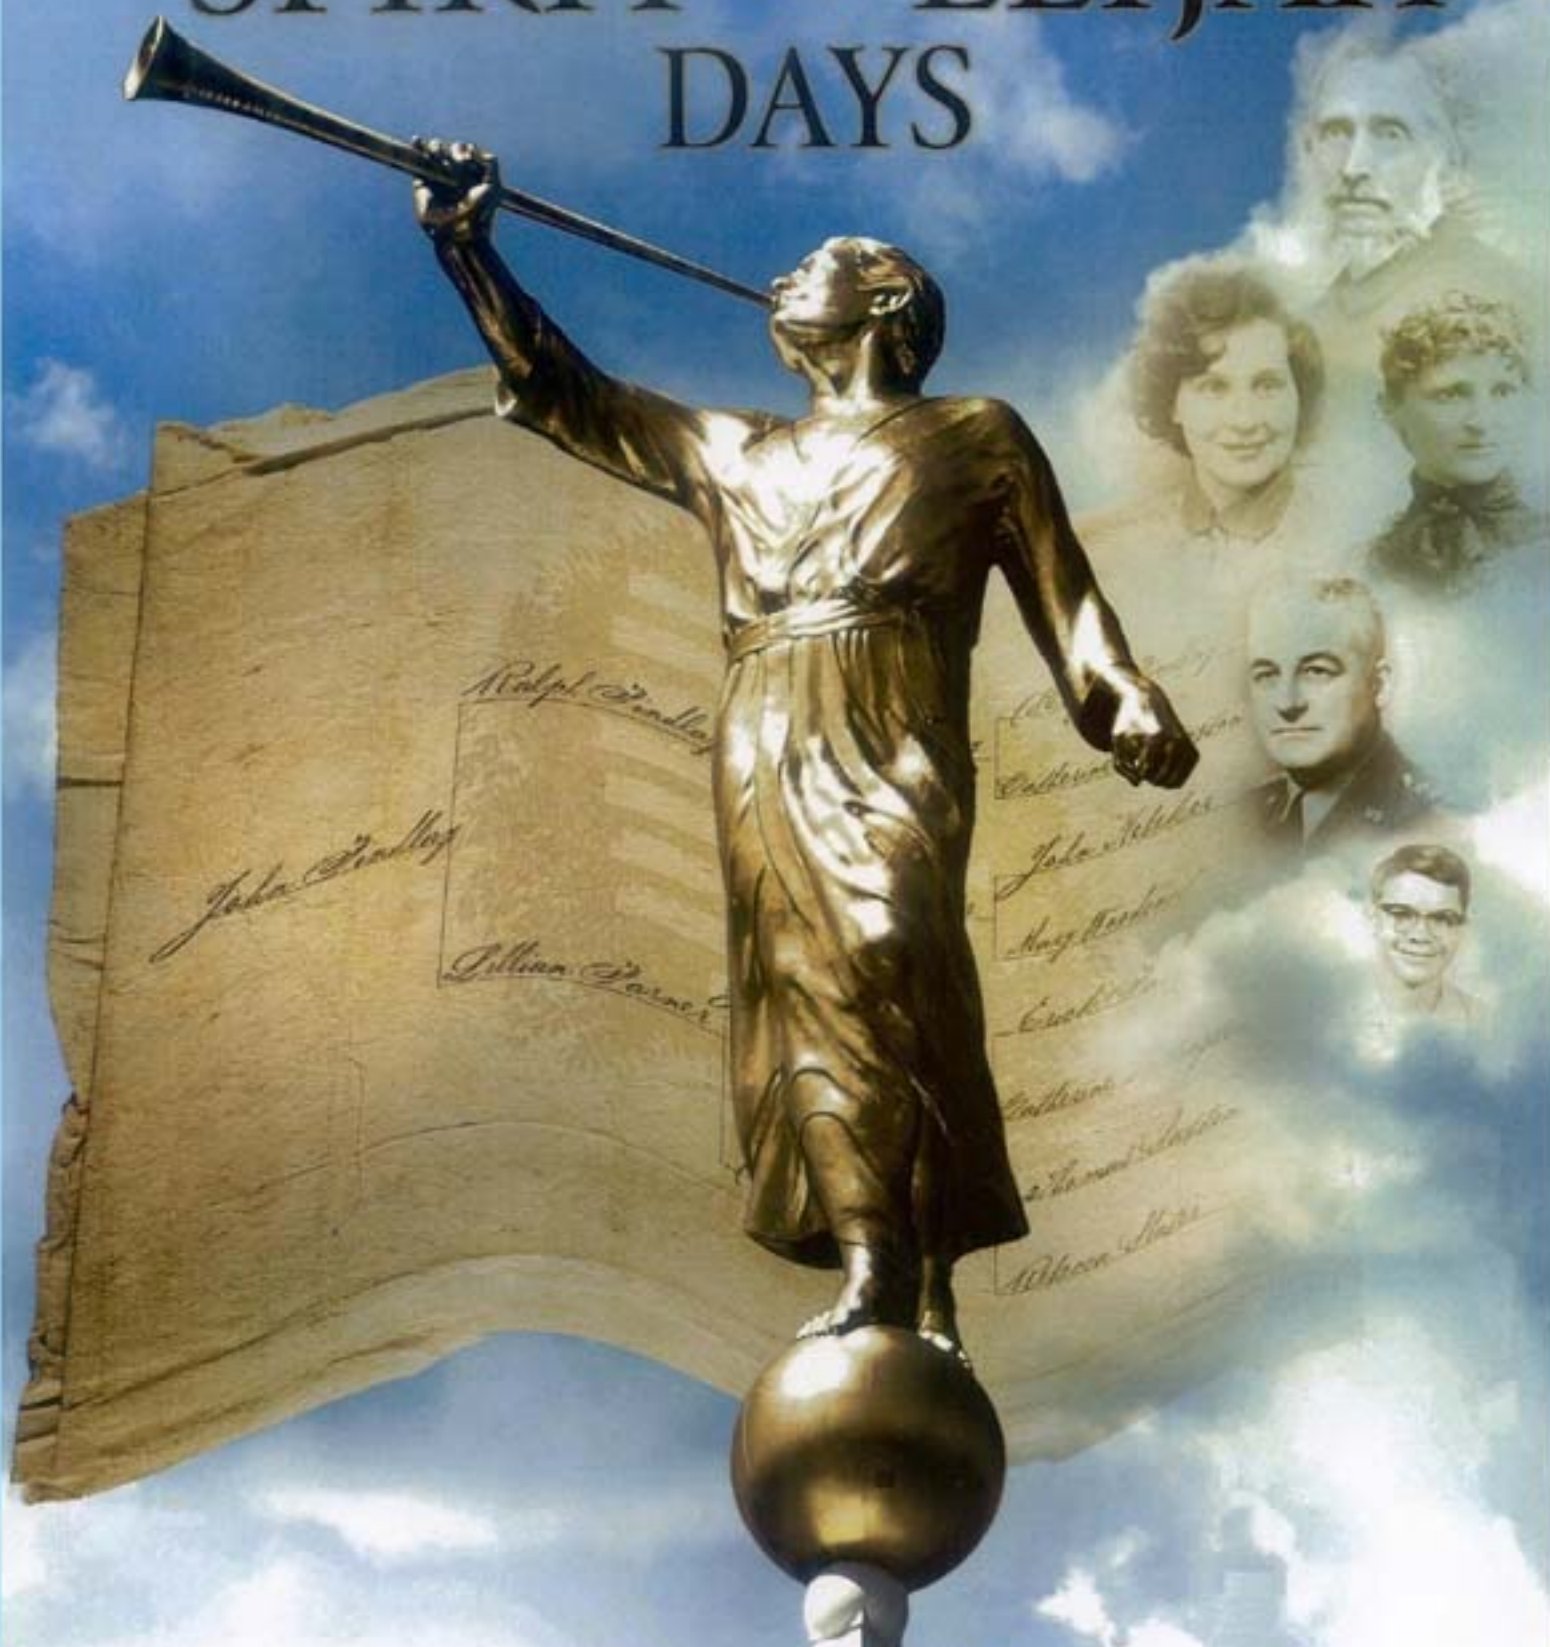

As he and his family were assigned to various communities within the State of Missouri he was asked by his local parishioners to perform marriages for them. Not only serving in Missouri but he also served his mission in Oklahoma, but these marriage records recorded here are in Missouri only.

I wish to offer a special thank you to Lawrence "Larry" & JoAnn (SNOWDEN) Missey for sharing these wonderful journals of his father; Rev. & Dr. Albert Paris Missey with me. Without their unselfish distribution of various Missey family documents, these publications would not have been possible.

PREFACE

Rev. and Dr. Albert Paris Missey born in Belleview, Iron Township, Iron County, Missouri, United States on 11 November 1867 son of François Columbier Columbus "Lum" (1845-1916) & Cynthia N. (TALBOTT) (1848-1896) Missé Missey married Mary Jane (STROUP) (1891-1972) in 1907 daughter of William "Will" Alfred (1860-1917) and Sarah Elizabeth (ADAMS) (1867-1898) Stroup.

Rev. Albert Paris Missey after being ordained in the Methodist Episcopal Church South in 1908 began keeping a journal covering various people, places and dates of solemnized marriages he performed in various communities.

As he and his family were assigned to various communities within the State of Missouri he was asked by his local parishioners to perform marriages for them. Not only in Missouri but he also served his mission in Oklahoma, but these marriage records recorded here are in Missouri only.

As I studied his entries, I discovered some of the marriage records on www.ancestry.com did not have his marriage records. In order to make sure no marriage record would be lost, I began a process where I entered and researched each individual in Rev. Missey's marriage journal and shared the information with ancestry.com and Family Search.

Consequently, I have undated this 2015 edition of his marriage journal as follows; after each scanned copy of the original marriage record, follows a description of the individuals mentioned with their birth and death dates including parentage...if known and additional spouses.

By updating these records on ancestry.com, and Family Search, will allow future researchers access to all of the information concerning the marriage recipients in Rev. Missey's journal entries.

The marriage records have been broken down into two divisions. First, I alphabetized the groom's surname, and then I alphabetized the female's surname. Be mindful, the female surname in these records may not be her birth surname.

Then I displayed the scanned marriage record as I found in Rev. Missey's journal. Following the record at the bottom of the page is a description of what I could find about the groom and the bride.

Some descriptions contain complete parentage, birth, death information while others contain only what I could find at this date on those individuals.

This extra effort was performed in order to help the researcher identify these individuals. This participant identify is an example of how **ALL** marriage records should be enhanced including parental information if known. I hope you appreciate my efforts, done with the spirit of cooperation so we, together as a group, can share answers and clarify our family history.

A Little Something About Your Author.....

Floyd Thomas Pratt F.H.C., M.A.G.I.

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created  **Pratt Publications**.

He began to offer to the public, a series of books titled, Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the  **Genealogical Institute** to further the education of serious researchers.

A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation* of the *Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt’s ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task. Outside of Washington, Saint John’s Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750’s and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father’s name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.
